

## A note from our coach Liz McRae

Hi I'm Liz. I am a Level 2 Qualified coach and an experienced player myself. My aim is to try and introduce players to tennis in a way they will find enjoyable but challenging with a guarantee that whatever level of ability - they will improve their skills and be able to play; be it in a friendly game or more competitively. I am also a competition organiser and hope to introduce various opportunities and ideas of how the club can participate better in social tennis and also access other external competitions if wanted.
